THE TEACHERS' INSTITUTE.

The Teachers' Institute of Lincoln county was called to order Monday at 10:30 A. M. by Supt. Garland Singleton in the Graded School building. The session was opened by music conducted by Prof. J. W. Ireland with Miss Kate Waters as organist. The devotional period was led by Rev. J. Murray Taylor, who gave the teachers a helpful and encouraging talk, after which our worthy Supt. Singleton delivered the welcome address, with many words of instruction for the week's work.

The instructor for the week, Prof. J. W. Ireland, next gave us the opening address. His words were words of rare wisdom, help and benefit to all teachers who love their work and expect to make a success in this noble work of "The Education of Kentucky's Youth."

With Prof. Ireland as music director and institute instructor, of which there is none better, our genial Supt. Singleton and wide awake, up-to-date corps of Lincoln county teachers, our present session promises to be the best in the history of our county. The enrollment for the day reached 62, which is only a small per cent. as yet of the teachers of the county.

The appointment of committees was the next order of business. The program committee consisted of James A. Hays, Miss Kate Bogle, W. B. Hubble, Prof. Davis and Prof. Ireland, chairman. Committee on resolutions: Miss Georgia Lewis, W. T. White, Leslie Anderson and Mrs. H. D. Phillips, chairman. Miss Stella McClary was appointed secretary. No other business for the morning and the institute was adjourned until 1:30 P. M.

The Monday afternoon session was opened with music by the institute, led by Prof. Ireland with Miss Frances Adams presiding at the organ.

Roll call by the secretary. The subject of School Government was introduced and ably discussed by our instructor, followed by Prof. W. T. White, who gave us practical help by his words in showing us that he fully succeeded along the line of personal school government. Prof. W. B. Hubble gave us the necessary "rules and regulations" in securing a good governed school, and especially dwelling on the fact that the fewer the rules the better the school. General discussion on the Conducting of a Successful Recitation by the institute. Miss Fulsome McGuire spoke in the interest of the Southern School Journal and other educational papers, followed by Mr. S. C. Stevens, of Lexington, in the interest of other educational publications.

After recess Prof. Ireland gave us a means of school discipline, which as all know, is his strong point and most perfect accomplishment. Come and let him charm you with his magnificent voice. You are sure to enjoy it. Miss Roberta O'Bannon gave us a most excellent talk on General Management, which showed deep thought and practical reasoning worthy of a long experienced teacher. Prof. Ireland followed with "Self Control" as the key note to all successful schools in perfect management.

There being no further business the program was read for Tuesday and the institute adjourned.

TUESDAY MORNING.

Music by institute. Devotional exercises by Rev. Yandle, during which time he gave a helpful talk on "What we are To-day and What we Should be To-morrow." The subject of Reading was introduced and briefly discussed by Prof. Ireland, followed by a full explanation of "The Rational System" by Miss Georgia Lewis and illustrated by a class of little ones taught by Miss Annie McKinney.

AFTERNOON.

Music by the institute led by Prof. Ireland with Miss Kate Bogle as organist. The subject of Grammar was taken up by our instructor and discussed by Misses Kate Bogle, Lena Palmer, Stella McClary and Mr. K. G. Martin. The subject of Geography was ably and fully put before the institute by Mrs. H. D. Phillips, during which she gave us practical class work—a delight to all. The remarks and to know the good work done by Misses Lewis and McKinney can not fail to prove to the progressive teacher that it is the method of to-day. General discussion by the institute. After recess Prof. Leslie Anderson, a student of East Kentucky State Normal, Richmond, spoke to us of "The Duty of the Teacher to the Normal School." The morning session was closed by Prof. Ireland with a selection in Oral Reading, with full explanation of same.

WEDNESDAY MORNING.

Music by institute. Devotional exercises were conducted by Rev. Barker, of the Methodist church, during which period he favored us with a short, helpful talk.

The subject of Arithmetic was introduced by Prof. Ireland in his usual forceful way, followed by a class demonstration in fractions by Mrs. H. D.

Phillips. Mr. Cornelius Ware gave the Practical Results of Arithmetical Discipline. Arithmetic was further discussed by K. G. Martin and Caleb Newell. Rev. J. Loyd Decell, of Union College, Barbourville, and Mr. Morris H. Givens, of Pittsburg, now a student at Yale College, were made honorary members of the institute. Messrs. Wm. Coldiron and Leslie Anderson closed the subject of Arithmetic for the morning. Manual Training was presented by Miss Frances Adams.

AFTERNOON.

The New School Law occupied the greater part of the afternoon session, being explained and fully presented by Prof. Ireland, Mr. S. C. Stevens, of Lexington, and P. W. Grinstead, of Cincinnati, Regent of East Kentucky State Normal at Richmond, and Supt. Singleton ended the discussion for the day. We were then addressed by Mr. C. A. Houston, of Lexington, on the School Improvement League.

C. Wintrop Sands, a stepson of W. K. Nanderbilt, was killed in a frightful automobile accident which occurred just outside the grounds of the Vanderbilt country seat.

We are very thankful to Prof. Ireland and Stanford Trustees for the use of their splendid Graded School building. Quite an improvement on the court house and the only place for an institute.

CRAB ORCHARD.

We understand Mrs. O. P. King contemplates rebuilding on the same lot, a nice hotel. She had a most liberal patronage.

Mr. Hugh Logan has beautified and enlarged his hotel near the depot, and makes a model host and spreads an excellent table. He will treat you right. The corn prospect is exceedingly poor in this vicinity—some of it tasselings at knee high. The peach crop will be very large but fruit generally small. Lots of grapes and some apples.

Don't be afraid to tell the teachers of the Graded School you appreciate their past efforts with your children. It will help them along and be very refreshing in their tired moments.

Mrs. Martha Fish will leave shortly to visit her children, Mrs. David Newland and Mr. Tom Fish, at Vincennes, Ind. Mrs. J. B. Jones, of Lawrenceburg, is the guest of Mrs. David Street.

Ward Moore has bought out the butcher business of T. F. Gross and will continue the business at the same place. All who know Ward rest assured he will deal only in the best meats and at the lowest possible prices.

Health of the town is good. Fine waters, cool shady retreats for the complaining, the sweetest, best girls in the world, the most hospitable of people; is it any wonder so many like to visit Crab Orchard and leave in health and fine spirits? God bless the old town and its people.

Miss Fannie King visited Miss Bell Pennington in the country this week. Dr. Rollin Moore, wife and daughter, of Anderson, Ind., were the guests of Mr. W. K. Buchanan and wife last week. They left here for a tour of the great lakes. Mr. W. B. Jarvis, of Cedar Creek, has just returned from a pleasant trip to Toronto, Canada, where he visited his son.

Pain will depart in exactly 20 minutes if one of Dr. Shoop's Pink Pain Tablets is taken. Pain anywhere, Remember! Pain always means congestion, blood pressure—nothing else. Dr. Shoop's Headache Tablets—also called Pink Pain Tablets—quickly and safely coax this blood pressure away from the pain centers. Painful periods with women get instant relief. 20 Tablets 25c. Sold by Penny's Drug Store.

The Caleb Powers lecture or harangue at the Madison chautauqua has been called off on account of the indignation of the patrons. We have been fully expecting this. Caleb Powers will have to commence digging for a living before long.—Owensboro Messenger.

Rev. I. W. Williams Testifies. Rev. I. W. Williams, Huntington, W. Va., testifies as follows: "This is to certify that I used Foley's Kidney Remedy for nervous exhaustion and kidney trouble, and am free to say that Foley's Kidney Remedy will do all that you claim for it. Stanford Drug Co."

"Health Coffee" is really the closest Coffee imitation ever yet produced. This clever Coffee Substitute was recently produced by Dr. Shoop of Racine, Wis. Not a grain of real Coffee in it either. Dr. Shoop's Health Coffee is made from pure toasted grains, with malt, nuts, etc. Really it would fool an expert—who might drink it for Coffee. No. 20 or 30 minutes tedious boiling. "Made in a minute" says the doctor. Sold by Penny's Drug Store.

Heat prostrates the nerves. In the summer one needs a tonic to off-set the customary hot weather Nerve and Strength depression. You will feel better within 48 hours after beginning to take such a remedy as Dr. Shoop's Restorative. Its prompt action in restoring the weakened nerves is surprising. Of course you won't get entirely strong in a few days, but each day you can actually feel the improvement. That tired, lifeless, spiritless feeling will quickly depart when using the Restorative. Dr. Shoop's Restorative will sharpen a failing appetite; it aids digestion; it will strengthen the weakened Kidneys and Heart by simply rebuilding the worn-out nerves that these organs depend upon. Test it a few days and be convinced. Sold by Penny's Drug Store.

King Edward, of England, has a canary of which he is very fond, and he has taught it to rest on his hand. When with his friends or even with officials whom he knows familiarly, the king likes to have his canary with him. Recently he received a visit from the French Ambassador and took him to his private room. While there a member of the British government arrived and desired to see the king. Lord Knollys, the ever discreet secretary of His Majesty, took a peep into the room. He then said to the cabinet minister: "Don't disturb the king just yet. He is greatly occupied; he has an ambassador on his right and a canary on his left."
